THE ODYSSEIAN

Hi folks,

I hope you are all keeping well and warm in this chilly Cape Town winter.

So our 2025 Poker Run has come and gone and all I can say is, WOW!!! What a great success it was!! The only downside was the weather on the day and I honestly believe that if it had not been for the rain and the cold, we would have had 20 (at least) more bikes on the day. I know for a fact that there were six people who had pre-entered and paid, who did not turn up on the morning. It was so wonderful to see how the club pulled together to pull this event off. I cannot thank you all enough - you know who you are... Another pleasant surprise (well, to most anyhow), was that our esteemed editor, Basil Forbes flew down from Jhb. specifically for the event, so that he could be part of it and offer even further assistance (he had already done so much from Jhb. over the weeks/months preceding our Poker Run). Bas and I had spoken about him coming down for the event when I saw him up there (when Susan and I flew up to Jhb. for the National Toy Run Conference a few weeks before our Poker Run). It was after all his baby, as it was him who conceived the idea and put together our very first Poker Run. Anyhow, Basil said that he was considering it and would have to get prices on accommodation and flights, etc. Well, that wasn't going to happen and I said that he is most welcome to stay with Susan and me for the weekend, as we have a spare room with his name on it. So, Basil was with us on the Friday and Saturday nights and attended the Poker Run on the Sunday (much to the surprise of many). It was also good that our ex Spokesman/Chairman was able to meet a few of the new members who have joined since he was last here. It was good seeing you again Bas and thank you so much for all you do for the club from afar.

The next big event on our club calendar is our annual Brass Monkey, which is fast approaching and Jacs and Peter Cowman have matters well in hand. They have already been out there several times doing scouting trips and planning of the Chaos run that they have arranged for us on the Saturday. And of course, to test the food and wine at the Nuy Winery - Apparently it's up to spec...

On a sad note, we have recently had a resignation from Heath and Melissa Coleman. Thanks for your assistance and input over the past three years and all the best going forward.

Otherwise, we have had a few chilly rides as we roll on through this winter, so thank you to our ride coordinator team for organizing these and finding the wonderful venues we explore. I am sure there will be a few more before the cold makes way for Spring.

And with that, let me sign off - stay safe and see you all soon.

Devin

**Bass Monkey: we have one double room available due to a cancellation.
All inclusive price, including dinners and breakfasts for the weekend R2620 for a couple (half price for a single). Contact Peter on WhatsApp 082 444 7426**

Funny Motorcycle Puns

You can't buy happiness, but you can buy a motorcycle.
My bike is a real "chain" reaction.
Motorcycle: the cure for everything
I have a "handle" on life.
Too many bikes? Never heard of it.
Ride more, worry less.
Fuel up, throttle down, and go. Some call it a bike, I call it freedom.
Two wheels are better than four!
The best way to clear your mind is to twist the throttle.
I like my motorcycles like my coffee—strong and fast!
Born to ride, forced to work.
My bike never judges, it just goes.
There's no problem a motorcycle ride can't fix.

What do you get when you cross a Donkey with a Motorcycle?

A Yam-hee-haw!

He has been in hospital, seriously ill with Pancreatitis and was in ICU for three months (part of which time, he was in an induced coma). After that, he was in a step-down facility and is now finally out. All of this was caused by his doctor changing the Statin medication that he was on. He is on the road to recovery now, but it still might take a month or two and told Devin that as soon as he can, he'll resume riding with us and will hopefully complete his application to join Odysseus.

LAST MONTHS RIDES

Station Pub Franschoek, 29 June 25

Sunday 29 June the second ride of the month was planned to Station Pub Franschoek. The weather report leading up to the day of the ride was for partly cloudy with no rain. However the preceding week the weather was rainy and windy.

Optimistically we were all hoping the weather would clear for the ride, BUT, no such luck, come the morning of the ride, cold wet and raining. However, a well respected member bravely stated that the weather would clear, but at MacDs that optimism wasn't shared, except for two true and real bikers who coincidentally both rode Kawasaki's were the only two actual riders on this run. (Mad Dogs and Englishmen, etc etc.)

The rest of us more sensible types opted for the 4 wheeled option.

The drive, (ride) to Franschoek was awesome, we really live in a beautiful part of the planet, and the rain held off and actually started clearing near the Engen Winelands. Route along N1, R302 and R45 to Franschoek. So, arriving at Station Pub, we got our table and 17 members pitched up, mostly by car and we all sat and had a wonderful breakfast, **half of which was sponsored by the club.** Great to chat, laugh and enjoy friendships that are the hallmark of

our club. The sponsoring of the breakfast will become a regular feature of our runs, so, Total attendance was 17 members,

1 prospect, great to see Maria, 2 bikes and 9 cars..Thanks to all who made the effort to attend, was great venue, prompt service, yummy food and wonderful company See you all at the next ride. Chow Tutti.

LAST MONTHS RIDES

THE Poker Run 2025

On arrival at the Viper Lounge, the weather was looking bleak with persistent rain showers and black clouds but we were to be rewarded. A few minutes before we set off the rain stopped and stayed away for the complete Run.

I spent hours the previous evening to set up the route on my phone (me not being too familiar with the area) only to find out at the start that the phone blacked out. So, I had to challenge the grey matter to remember the route, which was only really needed for the complicated bit at the end, navigating from the M5 to the Shell hole. The old brain did its job and we got there without errors.

The Run went very well, with the help of the Marshals, and I think that all the group riders stayed together even despite the Robots in Stellenbosch, I asked many of the participants at one of the stops if we were going too fast or too slow and there were no complaints. They all said how great it was to relax and enjoy the country side.

I was pleased that we managed to keep the timings right at the card dealer stops and we arrived at the Shell Hole within 5 minutes of the estimated time. Well done to all those who took part.
